Summary of Test Result

Test Parameter	Composite/Individual Test Item(s)	Result (See Note 1)
Anti-yellowing	S01	Pass

- Note 1 :
- (1) "Pass": The test result is compliant with the client's specification.
 - (2) "Fail": The test result is not compliant with the client's specification.
 - (3) "Marginal": Due to measurement uncertainty, in the case of confidence probability of 95%, it could not be concluded that the test result complies with the client's specification. It indicates that the sample contained substance at a very high level. Acceptance of this item is at the discretion of client.
 - (4) "Separate test": The result of composite tests indicates that individual tests are necessary for assessment of compliance with the permissible limit.
 - (5) "—": NO specified requirement.
